

Who is Supreme?

There IS a high court, but it's not the U.S. Supreme Court. It might be *a high court*, but it is not *the high court*. Americans have been duped into believing that the U.S Supreme Court is the highest court in existence. It might be the highest *human* court in the America but God, Himself, reigns supreme over all of mankind, including the United States of America.

That said, we rejoice that abortion (the killing of unborn human babies) no longer is protected by the federal government. The reversal of Roe v. Wade (originally ruled on January 22, 1973) does not make abortion in the US illegal. It merely rules, and properly so, that there is no *Constitutional right* to abortion found in the U. S. Constitution. The Supreme Court's reversal of Roe v. Wade this week merely turns the decision back to the individual states, as it has been since the Constitution was ratified June 1, 1788 (effective March 4, 1789).

We stand firmly against abortion at any stage, anytime (unless the mother's life is truly, medically, physically in *imminent* danger). Researchers the world over know that an unborn child feels pain after 15 - 20 weeks of gestation. *But that is not the point. Whether an unborn child feels pain or not, abortion still stops a beating heart and thus takes the life of an innocent human being.* No wonder killing an unborn child was a punishable offense in the Old Testament. Consider this verse:

"Now if people struggle with each other and strike a pregnant woman so that she gives birth prematurely, but there is no injury, the guilty person shall certainly be fined as the woman's husband may demand of him, and he shall pay as the judges decide. (Exodus 21:22).

That is for an *accidental* death, but it shows that God regards the unborn child as having humanity and human value. Abortion is an *intentional death* and therefore is the intentional taking of a human life.

We, as God's people seeking to follow His word in our lives and condemn the intentional taking of innocent human life, including abortion. As His children, we applaud the courage, wisdom of the Justices and concur with their Constitutional decision. But there is more work to do at the state level to protect the lives of innocent human babies.

We must remember that God forms our inward parts before we are born (Psalm 139:13-14). God and His laws reign supreme. We must obey God rather than men, (Acts 5:29). Pray hard!
